

Afon Lwyd Trail

The Afon Lwyd Trail is a picturesque 16-mile traffic free route that runs from Cwmbran in the south, through Pontypool and up to the Blaenavon World Heritage Site in the north. It takes in all the great sights, stunning landscapes and gorgeous green spaces the area has to offer.

Following first a canal and then a former railway it offers an easy route for all users. With a gradual incline rising from south to north this totally traffic free route makes it perfect for families.

The Trail passes through many valley communities and has great connections to buses and trains so it offers a healthy, pleasant and low cost way to commute to work or school. You might also just choose one small section to explore or one place you want to visit via the bus and train stations at Pontypool and Cwmbran.

Sustrans is the charity that's enabling people to travel by foot, bike or public transport for more of the journeys we make every day.

Our work makes it possible for people to choose healthier, cleaner and cheaper journeys, with better places and spaces to move through and live in. We're the charity behind many ground breaking projects including the National Cycle Network, over thirteen thousand miles of quiet lanes, traffic-free and on-road walking and cycling routes across the UK.

Share the Path!

Shared-use paths are a great way to get around by bike, but they're also used by many other people. It's important to follow a few basic rules so that everyone can enjoy them as much as possible.

Mae'r 6 milltir gyntaf yn mynd â chi ar hyd glan Camlas Aberhonddu a Mynwyr drwy ganol Cwmbwrân ar hyd coridor gwyrdd sy'n gyfoethog mewn bywyd gwyllt. Mae tref Cwmbwrân yn enwog am ei chanolfan siopa. Afon Lwyd Trail

Starting south of Cwmbrian's vibrant town centre, this fantastic traffic-free trail follows a picturesque canal towpath and former railway line both steeped in Wales' rich industrial history. It ends at the former pits and iron works at Blaenavon where you can go 300 feet underground and see what life was like for the thousands of men who worked at the coalface!

The first 6 miles takes you alongside the Monmouthshire and Brecon Canal through the heart of Cwmbrian along a green corridor rich in wildlife. Cwmbrian is well known for its shopping centre, however if shopping is not your thing then take refreshment in some of the picturesque canal side pubs or stop of for a cup of tea and slice of cake at the quaint café at Pontymoel canal basin.

Leaving the canal join route 492 at Pontypool, where you can stop off and visit the town's gem of a museum with its vintage tea rooms and great exhibits, or browse the many stalls inside Pontypool's historic Indoor Market. From Pontypool the route follows the former railway, open for walkers, cyclists and horse riders to enjoy and much of its length forms part of the Cwmafon Corridor Local Nature Reserve.

Our final destination is Blaenavon now famous as a World Heritage Site. Discover the area's rich industrial history at the Blaenavon World Heritage Centre and take advice on the attractions, activities and events in the area, including the Big Pit: National Coal Museum, Blaenavon Ironworks, Rhymney Brewery, Pontypool & Blaenavon Railway, Blaenavon Heritage Town and the Garn Lakes Local Nature Reserve.
