

# Risk Assessment Summary

Site/task etc:

Date:

Completed by:

List of hazards	Persons at Risk (Individuals/ Groups)	Risk rating LO x PS eg. 3 x 2 = 6	List existing controls in place	List further controls needed	Action timescale	Action date

LO = Likely occurrence

PS = Potential severity of consequence

Where risk ratings have values greater than 4 the risk is considered significant and action is necessary to reduce the risk.
